"Forgive Me"

I left you and left you broken hearted I left you and now
I can't forget
I thought then that I could live without you forgive me
and I'll make you happy yet
Forgive me for all the pain I caused you forgive me for
unkind words I said
I thought once that I could live without you I'm paying
with the broken heart instead
[steel - fiddle]
I wish I had never made you blue sweetheart I wish I
could live it over now
I know now that I can't live without you forgive me and
I'll make it up somehow
Forgive me for all the pain...
