"I Still Miss Someone"

At my door the leaves are falling the cold cold winds
will come
Sweethearts walk by together and I still miss someone
I go out on wild party look for a little fun
But I find a darkened corner cause I still miss someone
Though I never got over those blue eyes I see them
everywhere
I miss those arms that held me when all the love was
there
Oh I wonder if she's sorry for leaving what we had
begun
There's someone for me somewhere and I still miss
someone
[ac.guitar]
There's someone for me somewhere and I still miss
someone
