I watched you walk from table to table
A strong drink in your hand
You danced with every guy that was able
I know I don't fit in your plan
But if you're looking for a fool
Here I am, here I am

If you need somebody you can cheat on
A heart you can break every day
A puppet on a string you can pull on, girl
A man who won't get in your way
But if you're looking for a fool
Here I am, here I am

I'm just a fool
In love with you
I'd do anything, little girl
That you want me to

I saw you walk from table to table
A strong drink in your hand
You danced with every guy who was able, girl
I know I don't fit in your plan
But if you're looking for a fool
Here I am, here I am

I'm just a fool
In love with you
I'd do anything, little girl
That you want me to

Now if you need somebody you can cheat on
A heart you can break every day
A puppet on a string you can pull on, girl
A man who won't get in your way
But if you're looking for a fool
Here I am, here I am

Now if you're looking for a fool
Here I am, here I am
