One of these days
Yes, I know I'm gonna find me a girl
A pretty little girl, a dolly
I can call my own

And that'll be the day
I'll be sittin' on the top of the world
Me and my girl then maybe, baby
I'll never have to be alone

I ain't never had a love affair
Nobody for my very own
The pages are empty in my little black book
I walk in the moon alone

One of these days
Yes, I know I'm gonna find me a girl
A pretty little girl then maybe, baby
I'll never have to be alone

One of these days the sun's gonna shine
Right through my front door
A pretty little girl is gonna walk about ten
I'll never be lonely no more

And that'll be the day
I'll sit on the top of the world
Me and my girl then maybe, baby
I'll never have to be alone
