I'm outside the glass
With no way to crack it
I took her to heart
She made me an addict
Seems like it was only yesterday
That I was big and strong
I was a fool to let her slip away
Cause she's the only one, the only one, the only one

This town is too small
There's no way to change it
I can't live it down
They know I've been played with
Is this the middle or is this the end?
I've lost all track of time
I was here but now I'm gone again
She's the only one, the only one, the only one

It's getting loud inside of my head
I don't want to hear it
I don't want to feel it
Buried alive, and left for dead
I don't want to hear it
I don't want to feel it anymore

Call it a joke
Go on, keep laughin'
But I'll be the fool
Who welcomes her back in
Somewhere beside the road out beyond the weeds
The sweetest flower grows
When it blossoms I'll be on my knees
Cause she's the only one, the only one, the only one

The only one, the only one, the only one
Yes she's the only one, the only one, the only one
