Somehow I got the notion
We gave a thing in motion
Now you say it's history

Was it somethin' I said?
Was it all in my head?
Child, you're such a mystery

Oh... and I ain't got a clue
What's got wrong with you?

You used to fill my cup
I couldn't get enough
Now the well is so dry

It was so satisfyin'
Now I'm cryin'
My love's been coming up snake eyes

Oh... like a bolt fell out of the blue
What's got wrong with you?
What's got wrong with you?
What's got wrong with you?

I tried to win you over
Called the Teleflora
Man said save your money
Everybody I meet up and down
Is looking at me funny

Oh... won't you let me in on it too?
What's got wrong with you?
What's got wrong with you?
What's got wrong with you?

Oh... oh... oh...

I thought we couldn't lose
Things were rolling smooth
But you had to monkey with it

Now my nerves are shot
My motor's runnin' hot
And I don't know how to fix it

Oh... tell me what I didn't do
What's got wrong with you?
What's got wrong with you?
What's got wrong with you?
What's got wrong with you?
What's got wrong with you?
What's got wrong? Wrong...
What's got wrong with you?

I want you to tell me
What's got wrong with you?
Aw... awwww
What's got wrong with you?
Aww...
What's got wrong with you?
Awwww...
What's got wrong with you?
Awwww...
What's got wrong with you?
Awwww...
Awwww... wrong with you?
What's got wrong with you?
