[Chorus]

The full Gospel, from the 13th apostle  
That's me and you, now tell what you gonna do

[Verse 1]

In the beginning was the word and the word became  
flesh  
Through him all things are made, without him there's  
nothing left  
John the Baptist recognized the Christ at first glance  
He testified the coming of the Lord as the Lord  
advanced  
Andrew and Simon Peter was the first two to follow  
They're faith was immediate, they spirits wasn't hollow  
Then Phillip and Nathaniel in the town of Galilee  
They watched Jesus turn water to wine for all to see  
Jesus, the Son of God made a whip out of cords  
For those who tried to market the Word in the house of  
the Lord  
Zeal for your house will consume me, it is written  
Destroy the temple, but in three days the temple will be  
risen  
Flesh give birth to flesh, but spirit birth to spirit  
You must be born again, not just talk it, but live it  
The Son has come to shed light on a dark world  
Expose you to the truth, and make you living proof

[Chorus]

[Verse 2]

Like the Samaritan spirit was dying from thirst  
I wanna drink from the spring of life, not from the earth  
But from the first, who first made man from the dirt  
Others believed from miraculous signs of the times  
Like walking on water, and feeding thousands with just  
five  
Loaves and two fish, but the Jew was ruthless  
How could a man do this, they knew it was God but still  
wanted him to prove it  
The plan was in movement  
After Lazarus was raised they went stir crazed

Set up, a scheme of schemes on the king of king, Judas  
snitching things  
Son of Simon, devil inside him ready to kill the king  
Death ridden, to the apostles the plan was hidden  
But promised the Holy Spirit, after all, its written  
Now father the time has come to glorify your son  
Do a work through the apostles, believers, he lost none  
On the valley of Kidron, led mainly by the traitor  
Was a click of Pharisees to falsely accuse the savior  
Peter drew the sword and struck with the ill behavior  
On the ear of the servant, even though he deserved it  
God's will had to be fulfilled, couldn't let the cup spill  
Cuffed the Lord, bought for the priest for the easy kill

[Chorus]

[Verse 3]

The prophecy of Caiaphas was being fulfilled  
3 time denied, back to Pilate, where he was drilled  
Questioning the king of the truth, they found no proof  
But the Jews wanted him slew, let Barabbas loose  
A thief and a murderer, they loved their own  
But hated the man, who tried to lead them to the throne  
Twisted crown of thorns, mocked, in a purple robe  
Crucify was heard from the angry crowd in a drone  
The soldiers took charge, placed the cross on his spine  
The place of the skull where they crucified the divine  
And when it was finished, he bowed his head, have up  
his spirit  
His body placed in a new tomb, wrapped in linen  
But don't cry for the Lord of hosts, on the third day he  
came like a ghost  
Appeared to Mary, she stood froze  
Cries of joy she screamed, I seen the Lord  
Ran to the disciples with the good report  
Later that night, revealed himself with the battle scars  
They tried to lock Jesus Christ down, like prison bars  
But on the third day he rose, spirit clothed  
What a wonderful vision, my Lord's arisen {2X}

[Chorus]
