We can reach the sea  
They won't follow me  
Shadows they fear the sun  
We'll make it if we run!

Run from the memory  
Je nage, mais les sons me suivent

Left my name with the border guards  
A name that I don't need  
Ce sera un long voyage  
Sur les vagues de l'oubli

Run from the memory  
Je nage, mais les sons me suivent

Stop now before it's too late  
Been eating in the ghetto on a dollar plate  
Nothing lasts forever  
That's the way it's gotta be  
There's a great black wave in the middle of the sea

For me  
For you  
For me  
It's always for you

Stop now before it's too late  
Your lover was for hire  
Have you noticed he's been late  
Nothing lasts forever  
That's the way it's gotta be  
There's a great black wave in the middle of the sea  
For me  
For you  
For me  
It's always for you

The sound is not asleep, it's moving under my feet  
The sound is not asleep, it's moving under my feet  
The sound is not asleep, it's moving under my feet  
The sound is not asleep, it's moving under my feet
