"Goodbye Is Forever"

Sometimes you have no choice
Sometimes you've got no voice to say
Say if you will the words--
Say if your world is so gray
We can decide this
There'll be no tears--
No tragedy
Sure I wouldn't break and cry, if...
You walk away--
Believe me

Hey, goodbye
Goodbye is--forever
Hey, forever
Goodbye is--forever
And ever...

Sometimes it makes no sense,
This side of cruel coincidence
Caught up in our own barbed wire
To set us free
Belive this--

Hey, goodbye
Goodbye is--forever
Hey, forever
Goodbye is--forever
And ever...
