Sunlight loves me, feeds me milk and honey
Daytime misses me, feeds me milk and honey
Can't stop thinkin, bout my own breathin
Everytime I wake up I feel

Home sick, sea sick, love sick, car sick
Come home, come home quick
Jack jump over the candle stick

Sunlight loves me, feeds me milk and honey
Daytime misses me, feeds me milk and honey
Can't stop thinkin, bout my own breathin
Everytime I wake up I feel

Home sick, sea sick, love sick, car sick
