And as I wander down to where you lay
The blood rushed up to meet the roses
In your hair
I thought I saw you smile
But now I don't see you anywhere
Whispering your love song in my ear
How can you touch me
When you're not really there?

Stumbling out I made my way towards the open door
Climbing fast the sun broad streaming
Laughter down into your empty gaze
Where can I find out
How I want to join in your games
I hear you calling
I hear you ... calling calling calling calling
Whispering your love song in my ear
How can you touch me?
How do you really dare?
