All those wasted hours we used to know  
Spent the summer staring out the window  
The wind it takes you where it wants to go

At first they built the road then they built the town  
La la la la la la la-aa  
That's why we're still drivin? round and round  
It always seems, the kids and buses longin? to be free

Wasted hours before we knew  
Where to go and what to do  
Wasted hours that you make new  
Turn into a life that we can live

Some cities make you loose your head  
La la la la la la la la-aa

Then there's suburbs stretched out thin and dead  
What was that line that you said

Wishin? you were anywhere but here  
La la la la la la la la-aa  
You watch the life your livin? disappear  
And now I see we're still kids and buses longin? to be  
free

Wasted hours before we knew  
Where to go and what to do  
Wasted hours that you make new  
Turn into a life that we can live
