Oh those hours, we used to know  
Spent the summer starin' the window  
The wind it takes you where it wants to go

First they built the road, then they built the town (lalala,  
lala, la, la)  
That's why we're driving around and around and  
always see  
The kids and the buses, longin' to be free

Wasted hours, before we knew  
Where to go, and what to do  
Wasted hours, that you make new  
And turn into  
A life that we could live

Some cities make you lose your head (lalalala, lalalala,  
aaaahhh)  
And in the suburbs stretched out thin and dead

What was that line you said?

Wishin' you were anywhere but here (lalalala, lalalala,  
aaaahhh)  
You washed the life you're livin' (???)  
Now I see  
We're still kids and buses longin' to be free

Wasted hours, before we knew  
Where to go, and what to do  
Waste hours, that you make new  
And turn into  
A life that we could live
