I know the desert can't hold
All the love that I feel in my heart for ya
If I could spread it out across the sea
I know I'd cover it up
Ain't that a lot of love
For one heart to hold

Look it here
If the bees only knew
How sweet you were baby
They'd seal up their honeycomb
If the birds could hear
How sweet you voice is
They'd tighten up their song
Ain't that a lot of love
For one heart to hold
Ain't that a lot of love
For one heart to hold
