Niggas still talkin' thousands, man that's old money  
I done got so much of cake I'm gettin' hoes' money  
Like the Birdman bitch I got flow money  
Lookin for a friend girl tryna let her hold somethin'  
Pull up in a cold somethin' bought a whole dozen  
bottles  
The club still buckin close to for somethin'  
Just finished smokin' n da car I'm finna roll somethin'  
I got my people with me look like a hundred of 'em  
Stupid ass chain on spent a hundred somethin'  
Bent her over like a dog, I had her runnin from me  
Ask me where I came from, I told that hoe "from  
nothin"  
Little pretty perky titties booty like a bubble  
Told me that she had a man she do the all the honor  
You know the Savage gon' stay with the baddest one  
Heard it was gon' be jumpin, so I just had to come  
I'm on a hunt dog, what, who I'm lookin' for?

[Chorus:]

We got big dollars y'all got little chips  
Champagne bottles ride around in big whips  
We make it rain on 'em y'all make it drip drip  
I'm tryna leave with the baddest bitch in here  
Throw some cheese on the baddest bitch in here  
Make yourself seen if you the baddest bitch in here  
I believe she the baddest bitch in here  
Yes, indeed she the baddest bitch in here (I WANT HER)

Fuck that shit I want that bitch there  
The pretty one I don't like them saditty ones  
Seen too many ratchet ass hoes gettin' sitcom  
Behind closed doors all they do is suck d! ck  
Plus they talk 'bout go to the awards I'm a get one  
Matter fact, me and Phat just gon' split one  
Really in the streets man I ain't just one...  
Them microphone checkers that crack up under  
pressure  
Lookin' for the baddest bitch in here and when I get her  
I'm a hit her and  
Forget her, now name a nigga triller

I admit I ain't the richest nigga but my cake straight  
And most of these other niggas fake

Drinkin' rosay, smokin' on grapes  
And I can't sit here and throw this money all day  
And let 'em hate remind them haters don't play  
I would hate to have to bloody up the place (I WANT  
HER)

[Chorus:]

We got big dollars y'all got little chips  
Champagne bottles ride around in big whips  
We make it rain on 'em y'all make it drip drip  
I'm tryna leave with the baddest bitch in here  
Throw some cheese on the baddest bitch in here  
Make yourself seen if you the baddest bitch in here  
I believe she the baddest bitch in here  
Yes, indeed she the baddest bitch in here (I WANT HER)

I want my bitch to be a big fine ass juicy  
And you don't have to tell her she know what she doing  
Trill ENT still here still boomin'  
The bitch standing still but her booty still moving  
Can catch me in the Benz top drop just crusing  
Or either in the club poppin bottles with a cutie  
When niggas holla at me they say "Webbie, how ya  
doing?  
Drop the kinda shit that you make everybody lose it"  
Niggas rappin bout they gettin money can't prove it"  
Nigga I got nine or ten cars sitting stupid  
These niggas going to jail and shit hiding pussy stupid!  
Cause I done seen some hoes leave some niggas  
looking stupid  
Cupid, y'all ain't players y'all foolish spend ya last  
dollar on coochie  
You a clown you a clown or a student? And we got  
money flying everywhere (I  
WANT HER)

[Chorus:]

We got big dollars y'all got little chips  
Champagne bottles ride around in big whips  
We make it rain on 'em y'all make it drip drip  
I'm tryna leave with the baddest bitch in here  
Throw some cheese on the baddest bitch in here  
Make yourself seen if you the baddest bitch in here  
I believe she the baddest bitch in here  
Yes, indeed she the baddest bitch in here (I WANT HER)
