Title: Don't slander me

Don't slander me, don't slander me, my my
Never say that I don't know why
Don't slander me just, just for me, you, and I, I
Don't slander me, don't slander me my my

False Gods will bring the devil the blues
And the blues would not themselves excused
Don't come from the blues if the blues are empty hell is
filled
Don't slander me, my my my don't slander me nil

Don't slander me, don't slander me, my my
Never say that I don't know why
Don't slander me just, just for me, you, and I, I
Don't slander me, don't slander me my my

False Gods will bring the devil the blues
and the blues are not in themselves excused
Don't come from the blues if the blues are empty hell is
filled
Don't slander me, my my my don't slander me

Don't slander me, don't slander me, my my
never say that I don't know why
Don't slander me just, just for you, me and I, I
Don't slander me, don't slander me my my

Let the red light, let the red lights arise
We martians won't put you in a vat, too
The best form of the blues are nothing is not, not too
hot
not too hot, not too hot for you

Don't slander me, don't slander me, my my
never say that I don't know why
Don't slander me just, just for you, me and I, I
Don't slander me, don't slander me my my
