You might think, I'm a crazy fool  
I saw a horse doin' a bobbin with a mule  
Down on the farm  
Down on the farm  
Down on the farm  
Rock and roll taking over my barn

Rooster won't crow, chicken won't cluck  
Going around the barnyard doin' the hucklebuck  
Down on the farm, down on the farm  
Rock and roll taking over my barn

Yeah

Lazy dog, crazy pig  
All I wanna do is a rock and roll jig  
Down on the farm, down on the farm  
Down on the farm  
Rock and roll taking over my barn
