Got a text

Need you for to come and get my pussy right
She say she got her own house
She say she put her man out
She know I don't be playing
Want me for to come and wear dat ass out
I really wasn't doin nothin
Countin money smokin sum
Might as well whip it out
And ram it in somebody stomach
Had to remember who she was
Oh yea that sound fun to me
I'll put it on you bitch
But you gon have to come to me
FUCK WITH ME
Ion thank dem niggas should
FUCK WITH ME
Ion even thank dem niggas could
FUCK WITH ME
