(feat. Bun B from UGK)

(Oh) Girl give me that
(Oh Oh Oh) Girl give me that
Girl give me that (pussy)
(Oh Oh Oh) Girl give me that
Girl give me that (pussy)
(Oh Oh Oh) Girl give me that there
Girl give me that pussy
(Oh Oh Oh) Girl give me that

[Webbie - Verse 1]

You know you want it
Girl don't act like you don't want it
Girl I want it just as bad as you do
And look see I can tell from this lil vibe
You got me feeling that you dig me
Boo I'm digging you too
You wanna be one of the chosen few
Then gon jig up in this motherfucker
Maybe me and you can do it big up in this motherfucker
Sit you in a crib where you can chill
Don't have to move a muscle
Give you some be good now you be good
Daddy gon hustle
Come here let me Whisper in your ear
I gotta tell you something
Listening to this song kinda make a nigga want
something
Did some daydreaming
Now I'm fiending like I'm on something
Girl don't hold it from me
Cause right now I'll be don strong on ya
I ain't the type to ruin your life
By running game and throwing your dreams
Get in your brain suit your game
Ease your pain and show you things
Sit you on some leather seats while blowing green
And switching lanes
Girl stop playing games let me beat it out the frame

[Chorus - repeat 4X]

Girl give me that pussy

Girl give me that

Girl give me girl give me that there

[Bun B from UGK - Verse 2]

She five foot seven a hundred and thirty nine pounds

Thirty six twenty four thirty eight pretty fine brown

Bad lil broad I ain't seen her in a minute

Since the All-Star game and I'm still tryin to hit it

Got a baby for this nigga that I used to sell things

He caught a fed case and he ain't leave her no change

She sold all his jewels she sold all his cars

Now she dancing in the shaker club stripping for the stars

Sliding down the pole slow drop it to a split

Pussy popping on a handstand man she the shit

She still looking tight though

Still built right though

Run my game right and after the club

She might go back to the telly with me

Shake her jelly with me

Let my people bust on her face and her belly with me

I got Lil Webbie with me and he ain't hating

We some players in this bitch so baby stop hesitating

[Chorus - repeat 4X]

Girl give me that pussy

Girl give me that

Girl give me girl give me that there

[Webbie - Verse 3]

Now I can tell from your size that that pussy is fire

So I'm here and willing to give you whatever it require

For you to lay down on your back and then open your thighs

Long sharp deep and wide have you rolling your eyes

You a big fine horse I had no choice but to try it

Look like it's worth a couple g's but ain't some shit I buy

Let me whisper in your ear again I ain't gon lie

I might share a lil meal just don't tell nobody

Look you know you want it

Girl don't act like you don't want it

Girl you want it just as bad as I do

But check this out

You gon be wishing that you been gave me your number

By the time I finish rumbling with you

Wop, Wop get loose, let's take this shit to the room

And you just keep yourself excited til we get to the room

'cause I've been rocked up since I met you
I'm ready to give you the blues
Don't stunt now take off your shoes
Don't act confused you know what time it is

[Chorus - repeat 4X]
Girl give me that pussy
Girl give me that
Girl give me girl give me that there
