Title: She's not romantic

Tell her how I feel
She just says me too
It's such a raw deal
But what can I do

She's not romantic
It's not her style
Sometimes I plan it
She just smiles

Not everyone
Gets the rainbow
But it's no fun
To miss your own show

She's not romantic
It wouldn't do
She might get frantic
And come unglued

Over and over
It's old and its new
Over my shoulder
It's always been you

Da da da da
Da da da da
Da da da da
Da da da da

Da da da
Da da
Da da
Da da
Da da
Da da da da da da da

Don't know how it feels

To stand in her shoes
Happy endings
Must seem like bad news

She's not romantic
It's just her way
Nothing gigantic
What can you say?

Tell everyone
Whatever you want
Maybe she'll change
Maybe she won't

She's not romantic
It's not her way
She's not romantic
Maybe someday
