Free your mind
fly so high
drink more wine
though you'd rather have a guinness
til the well runs dry
but keep feeling somehow that you'll win it

If we were more than simply drones
and if a smile were really free
I'd pick you up and take you home
There's nothing down for you and me

Then at christmas time
ding dong
We gotta buy
the latest fashion's in
It smells of pine
With a logo stamped upon and
Some kinda crime
If we immediately bin it

Eleven bucks their price of life
Scramble for cash to get more stuff
And don't dare die before you've shopped
There's nothing down for you and me

Corporate myth that santa brings the trainers
From a golden arch squeaky clean enough to stain
now the kids want phones and labels on their labels
that ain't attitude it's vacuous and tame
Take your world by storm and shake it til it's livid
Then you can say
There but for grace go you and me

Get your ads off me my body's not a hoarding
And I don't take kind to logos in my brain
Can't we
Please
Just have our DNA back
Global brands can never ease the pain
And it won't hurt

Go on believe in something
Be it Santa Claus or bass and drum a pumping
Take your world by storm and shake it til it's livid
It's not too late the future's looking
Right vivid.

Free your mind
Fly so high
(It's Christmas time
What'cha gonna buy)

Get those ads off you
your body ain't a billboard
take a little care there ain't no more in store
Come on
rock the boat
ditch the mindless acquisition
