It's not your body  
It's all in your style  
Your warm and gentle personality  
Is so beautiful darling.

Prayed for a perfect love then I met you  
Sent as an angel to make my life new  
God made the heavens and placed them above  
But He left some hereon earth.

Heaven is you  
You make me feel so good  
Heaven is you  
Every little thing you do.

Hold me tight in your arms  
Everything feels so alright  
And when you look into my eyes and say  
I'm gonna love you till the day I die  
I know that this is heaven.

Ask me the question I can't tell a lie  
Cause your love to me is pure and paradise  
Take me right now I'm yours anytime  
Cause you're my happiness  
You're my heaven.
