Mornings alone
when you come home
I breathe a little faster
everytime we're together
it'd never be the same
if you're not here
how can you stay away, away so long?
why can't we stay together?
give me a reason, give me a reason
I, I don't wanna say it
I don't wanna find another way
Make it through the day without you
I, I can't resist
Trying to find exactly what I miss
It's just another day without you
It's just another day, oh
Making the time
Find the right lines
To make you stay forever
What do I have to tell you?
I'm just trying ot hold on to something
(trying to hold on to something good)
Give us a chance to make it
Don't wanna hold on to never
I'm not that strong, I'm not that strong
I, I don't wanna say it
I don't wanna find another way
Make it through the day without you
I, I can't resist
Trying to find exactly what I miss
It's just another day without you
Why can't you stay forever?
Just give me a reason, give me a reason
