Woah...

Let me go into this past and see just what's mine
Vices and curses have all defied
The man I've become, the man I could be
Blinding my eyes with my country's sin

This world is filled with selfishness
Finally the king that's created for it
As you try to remember the person you are
You find that you gave up this time

Everyone gets lost sometimes
Stand up you may find
It's not as hard as you think
Cause no one is born the King Of Silence
So choose your voice
Just speak up, don't back down
Don't wear that crown
Let your voice scream out
Born the King Of Silence
So choose your voice
Just speak up, don't back down
Don't wear that crown
Let your voice scream out
Don't let it hold you down
Be true to who you are!

Sometimes in this life the world may not be with you
Sometimes you must fight yourself with your fear
behind
You
You can't feel on top of the world with the weight of
The world on your shoulders
You can't feel on top of the world, with the weight of
The world...

Everyone gets lost sometimes
Stand up, you may find
It's not as hard as you think
Cause no one is born the King Of Silence

So choose your voice
Just speak up, don't back down
Don't wear that crown
Let your voice scream out
Born the King Of Silence
So choose your voice
Just speak up, don't back down
Don't wear that crown
Let your voice scream out
Don't let it hold you down
Be true to who you are!

The King Of Silence!
The King Of Silence!

Cause no one is born the King Of Silence
So choose your voice
So speak up, don't back down
Don't wear that crown
Let your voice scream out!
Born the King Of Silence
So choose your voice
Just be calm, don't back down
Don't wear that crown
Let your voice scream out
Don't let it hold you down
Be true to who you are!

Be true!
Yeah!
