Are you in?  
Are you out?  
Take a chance  
Take it now  
The night, the night has never...  
The night has never felt so alive

Get up Get up  
What are we doing here?  
Get up get up  
This is our time to shine  
Get up get up  
What are we doing here?  
Get up get up  
Let's light this night on fire

All alone in your room tonight  
TV's glow makes your only light  
So sound the sirens and spark that fuse  
Seize this night and then turn it loose
