In front of a fiery gate well you might think it's fine

Ohhhh

When everybody stands in space

And they sigh

Ohhhh

I'm on my way

And feeling it's time to wonder

I'm on my way

And feeling it's time to wonder

This mental cabaret is dancing with my fate

Ohhhh

This sexy impressions left me engaged, with a game

Ohhhh

I'm on my way

And feeling its time to wonder

I'm on my way

And feeling its time to wonder

You will find

You will outshine

And you will try

And you, oh

On our way

And feeling its time to wonder

On our way

And feeling its time to wonder

You will find

And you will outshine

And you will try

And you, oh
