Guaranteed nightlife, where everybody shines
I wanna try to wake up with you

Social climb hideout
Where fantasies run dry
I never wanna face that with you
But ya never know, when your lovers glow
Has decided to go home

Guaranteed nightlife,
Where everybody finds
A tall tall playground rescue
A factory showdown, the energist reviewed
I never wanna face that with you
But ya never know where your lovers glow
Has decided to go home

Remember the night
You said you had a vision
Of all of these wonderful feelings going by

I know that its right
I know your on a mission
But all of this good guy wonder goes on, and on, and
on

Guaranteed nightlife
Where everybody shines
I wanna try to wake up with you

Social climb hideout
Where fantasies run dry
I never wanna face that with you

But ya never know, where your lovers glow
Has decided to go home

Remember the night
You said you had a vision
Of all of these wonderful feelings going by

I know that its right
I know you've made decisions
But all of this good guy wonder goes on, and on, and
on, and on
