I don't think I've ever mentioned this before

But I couldn't possibly love you anymore

Oh, it's been ages

Let's not do that again

I think you said that when you wrote to me

But I'm not as certain as I ought to be

I lost the pages

It didn't seem to matter then

There's a lot of things I should have kept

But there was so much I could not accept

I watched some film round Alexandra's place

But I kept seeing your blue eyes in her face

I tried to call you

You must have left by then

And you know that stuff about your being here?

I changed my mind, no, I just want you near

I don't have to own you

I just want you home again

There's a lot of things I used to say

But that all changes from today
