Everyone here can be a millionaire
Just take these wings and fly up into the air
Oh, you're wondering where you heard this before
It wasn't really like that
This man is certain that this place is his home
It's time for him to crawl back under his stone
Oh remember when he said this before?
But it wasn't really like that
I'm not even sure that we can still be just friends
You stopped me once and you could do it again
Okay, you're right, I haven't changed from before
But it wasn't really like that
Just listen now instead of thinking over things I said
Oh, years and years ago
I stole and of course I lied, yes to you
But you must see why you couldn't just be told
There were some things I had to do
Say that again and I'll kill you!
