Why should I want to know his name?  
What difference does it make?  
You know I tried dead hard to keep away  
I just had to call again

Where did you go last night?  
What's that new place like?  
Okay, I won't ask anymore questions  
And then you can't tell me lies

Well, they always need good men  
They're crying out for them  
It's not the sort of job I'd do myself  
But then I'm not him

Oh, he buys you pretty things  
And what does your mother think?  
I just can't bear to imagine you  
Sharing a bed with him

Tell me why should I be upset?  
Some kid I've never met  
We'd better sort this out before I go  
And say something I'll regret

No, I'm sure it suits him  
I'm not trying to be anything  
Before I leave I want you to  
Give my love to Kevin
