Mommy mommy can I climb all the trees in the park
Mamma mamma can I stay out till late in the dark
Mamma mamma don't overprotect me now
I just wanna have some fun at night

But I can hear you say:
NO! because I'm not old enough
NO! because I've been told enough
NO! because I should listen to my pa

What's wrong with the kids from the wrong end of town
They're my friends 'cause they always want me around
Hey mother don't underestimate them now
Were gonna have fun when the sun goes down

But I can hear you say:
NO! because I'm not old enough
NO! because I've been told enough
NO! because I should listen to my pa

[Instrumental]

Hey baby shall we go for a stroll in the park
Hey baby shall we stay out 'till late in the dark
Hey baby if you overreact to me now
Then we could really have some fun tonight

But I can hear you say:
NO! because I'm not old enough
NO! because I've been told enough
NO! because I always listen to my pa
NO! because I'm not old enough
NO! because I've been told enough
NO! because I should listen to my ma
