"Three"

Yes. I want to, I'm down here on my knees

Well why can't you just think about it please?

I'm yours

She's mine

Two's company

But three have a better time

We've got a mountain to climb

You're so right, we get what we deserve

And that's just why, you've got to have some nerve

I'm yours

She's mine

Two's company

But three have a better time

We've got a mountain to climb

There's no hurry, we can make this slow

And don't worry, no one has to know

I'm yours

She's mine

Two's company

But three have a better time

We've got a mountain to climb

We're going to have a good time

And it isn't a crime
