Well, I see you life and it's blowing away  
Just like the storm that will toss you away  
Nothing to lose and baby nothing to win  
Just living my life until the very end  
And you won't see me running away  
Not this time, I think I'm gonna stay  
And I won't be the one who's crying for you  
'Cause it's you who lose  
And I see a life that's filled with pain  
The human race is engulfed with shame  
And all those colors that I see  
Melting away right in front of me  
And you won't see me hiding my tears  
Not this time, so don't you have no fear  
And I won't be the one who's crying for you  
'Cause it's you who lose  
And I don't feel so good inside  
Take my hand, am I still alive?  
Imagination running away from me  
From my heart into my TV  
And what you say girl, I just don't care

I'm taking control, you're flying out of here

And I won't be the one who's crying for you

'Cause it's you who lose
