Verses, versus  
You talk as a, to entertainers,  
These are songs of retribution versus hymns  
enslavement.  
The, television, versus living for opinion,  
Living for, that never seen to,  
Haters versus living for something ,  
Something major, this is being insecure  
Versus someone you call a hater ,  
Hate is part of my real nature in reality,  
People express fear through anger versus truth!  
This is the truth; I ain't lying to you,  
I'mma an artist, not a prostitute,!  
Versus one that only follows a trend to fit in,  
'Till you find out that you're living outside of your skin!  
And you ain't comfortable with your gadgets and limbs,  
Versus somebody who's so confident, they say it's a  
sin!  
I'm off, niggers talk reckless, but chase this magnetic ,  
And .. potential energy into something,  
Keep it moving past .. propaganda, patterns of black  
negligence,  
Verses versus!  
This is genius versus Clouds creating,  
Stealing the life line, ,  
The authentic oracle..  
This is sound versus verse,  
Guarantee to blow your speakers apart!  
Aha! ,all up into the light versus the dark,  
Elevate your state of mind versus your thoughts,  
This is, versus feminine,  
I'll leave the persons for my women friends, versus,  
Cut from, pimps and black militants!...  
Twenty years of diligence, versus new diligence,  
Progressive intelligence versus pure ignorance.  
Something so irrelevant versus pure gibberish!  
Verse, versus!
