### "Where Do We Go From Here"

On every corner, on every night

There's a place where you know

It will be alright

'Cause everyone has been there before

And every quarrel, and every fight

Well, off in the distance I see it in black and white

Now I'm waiting for a knock at my door

Where do we go from here?

After every sorrow in so many lives

Well, I catch a moment passing before my eyes

And I guess I'll never find my way home

Where do we go from here?
