"The Girl I Love"

She knows how to move me
and make me feel right
oh, she knows how to move me
she turned on the light
When I call Kate,
she smiles and says "hi"
she doesn't seem to realize
i'm her number one guy
she's the girl i love
and i always will
until the end of time
and even after that still
she gives me kisses
and they make me feel good
her hugs rock my soul
like no one's ever could
i'll love her forever
and i hope we never part
i hope she realizes
that she's captured my heart
she's the girl i love

and i always will

until the end of time

and even after that still
