Mom and Dad I'm not sorry
For putting bullets in your body
One day I hope you'll understand
That I did it for the man yeah!

Well he came up to me
He said kill your mom and dad
He said it's time to be a man
And I'm feeling kinda bad

The Devil made me do it
And I'll do it again!
The Devil made me do it
And I'll do it again!
The Devil made me do it
And I'll do it again!
The Devil made me do it
And I'll do it again!

Mom and Dad your beautiful
With bullet holes in your skull
And red looks good on you two
Goodbye Goodredens I hate you!

It was a really simple plan
Go in and kill Mom and Dad
There's just one lesson to be learned
You fuck with me you'll sleep with worms!

And now,
The Devil made me do it
And I'll do it again!
The Devil made me do it
And I'll do it again!
The Devil made me do it
And I'll do it again!
The Devil made me do it
And I'll do it again!

Mom and Dad I'm not sorry
For dismembering your body

In fact it was a dream come true
To have the honor to kill you!

I hope you both are doing fine
With your guts up in the sky
Well me, I'm doing well
In the luxury of hell!

And now,
The Devil made me do it
And I'll do it again!
The Devil made me do it
And I'll do it again!
The Devil made me do it
And I'll do it again!
The Devil made me do it
And I'll do it again!

(Holy jesus god damn! Holy jesus jumping christmas
shit!)
