Sensus

Sensus

Sensus

Sensus.

It was in the year 2020

that an enormous disaster engulfed the planet earth

Destroying in just a few months

What had been created in a billion years. @@

Only a few hundred people survived

And on the artificial planet

Qhoenix"

A new generation has waited

50 years to return to earth.

But will that be possible?

Sensus

what are we doin' here?

Sensus

without a real

Atmosphere

I wanna go home.

Sensus

six more orbits to go.

Sensus

till we finally know:

I wanna go home.

Once I see how the sun goes

Down twilight ev'rywhere.

Then I'll hear

how breakers sound

An' breath the natural air.

Sensus

will my hope be in vain?

Sensus

don't you drive me insane ? I wanna go home - I wanna

go home.
