On the day they let me know  
I tried to wake up  
I tried to let go  
But now in here faced with the pain  
Oh where is the sun?  
I can't stop the rain  
But how can I look back in sorrow?  
No memory would let me have  
Each new day there comes another tomorrow  
A better tomorrow yeah  
Jack and I, we sat around the table  
We listened to the stories  
And we held our laughs in  
Our fun then consemated  
He continued to writ the fable  
But laughs fade away  
Our laughs turned to a grin  
Those days that we took for granted  
Never knew what we had till it was gone  
Now we have the chance to give ourselves a better life  
Oh yeah  
So many words were left unspoken  
But in a dream it came to me  
I said I blink, you smile, we're two hearts broken  
Explain that to me  
So many words were left unspoken  
But in a dream it came to me  
I said I blink, you smile, we're two hearts broken  
Its so hard to believe  
I said lean out the angel window  
In a dream yeah yeah yeah yeah
