"Return Of The Living Dead"

It's a perfect day to crawl from my grave then search
for brains

I'm bleeding in my head, taking mini steps, welcome
local freak

Dark and scary I don't mind at all
I'm laughing as darkness falls

See the corpses rise from there graves
Listen close you can hear them say
They can smell your brains, they can smell your brains,
they can smell your brains and they can smell your
See the corpses rise from there graves
Listen close you can hear them say
I think it's everdent you, if you send more paramedics

Of the living dead, of the living dead, of the living
dead it's the return of [x2]

It's a graveyard bash, fall crashing the gate, dancing
on graves,
I'll take that walk to the dead man store, searching for
brain
Dark and scary I don't mind at all
I'm laughing as darkness falls

See the corpses rise from there graves
Listen close you can hear them say
They can smell your brains, they can smell your brains,
they can smell your brains and they can smell your
See the corpses rise from there graves
Listen close you can hear them say
I think it's everdent you, if you send more paramedics

Of the living dead, of the living dead, of the living
dead it's the return of [x2]

See the corpses rise from there graves
Listen close you can hear them say
They can smell your brains, they can smell your brains,
they can smell your brains and they can smell your

See the corpses rise from there graves
Listen close you can hear them say
I think it's everdent you, if you send more paramedics

Of the living dead, of the living dead, of the living
dead it's the return of [x4]

THEY CAN SMELL YOUR BRAINS
