Intro:

Check it one two (it's a party) coming to you live it's  
Erick Sermon (Def

Squad) Keith Murray Redman. The new type of roll  
models oregano

cinnamon all flavors check it out y'all my nigga Tone  
stay up. D Mack

word up.

Verse 1:

Me and my crew in the Benz for a deek while other  
peeps trailing me in the

black jeep

Creepin' on our way to a House Party with no Kid 'N'  
Play just a fly DJ

I't on and poppin' and we gettin' RIGHT, everythings  
TIGHT

Everyone has a light, I pull up in the place to be,  
immediatly swarmed

And all of us is armed, it's cool like that type of scene,  
crazy blunt

ashes

Girls shaking asses, money makers, video rumpshakes

And niggas with game fast breakin' just like the Lakers

It's all good if your game is tight, and if you know the  
scoop don't love

'em like Snoop

Yeah, the reason why, the girls out there get biz, run  
like a bunch of wild

kids

Hook:

I'm doin' my thing if you feel me do your thing

(Do your thang do your thang) (X4)

Verse 2:

Now the scene is set and now I'm hype

I'm seeing what girls is coming home with me tonight

I spot one on the sofa, sippin' juice, with three other  
girls, sportin' pin

curls

I said to myself "Excuse yourself E", so I went over and  
put my hand out

like Billy Dee

Excuse her from the two girls she was with, Macked her  
put the Flava In her

Ear and split

To the side to the other vibe, where it looked live,  
protected cause my man

had the 4-5

My boy looked up, asked me if he was hooked up

I said she was shook up, she threw my phone book up

She gave me every phone number that she knew, a  
girlfriend for you, a

girlfriend for you (word up)

I stay real, I never perpetrate, cause now adays, falling  
in love never

pays

I'm quick to say fuck a hoe (yeah) y'all niggas know, I'm  
strickly for the

doe

Word to God, this is the way that Def Squad swing, it's  
not just a one day

fling

I represent my style for my peeps, take it to the streets,  
where we play

for keeps

Have a drink conversate, and pump up your fists and  
do it like this

Hook (X6
