"Set it Off"

Visit "[Set it Off](#)" on MotoLyrics.com

Intro:

This goes out to my peoples in Queens. Representing
Brooklyn Uptown.

Yeah yeah Boogie Down Bronx Staten Island all the way
to New Jersey. Tri

State Area. Long Island

Verse 1:

Ha ha welcome radio land and others my underground
brothers is mad deep

like gutters

I bring it no matter what the situation underwater
through fire

Across barded wire what? I'm quick to Change Faces
without R. Kelly

When you step on me you best be ready. I heats it up
like house kitchen

When I'm bitchin' with this redition, chill or you might
catch an ass

whippin'

There's something wrong ha, I can't go on, and
commence

Tear the frame out an MC's ass with the quickness, no
forgiveness

This is the way E does buisness, one touch and I'll
weaken the average came

to be rap star

By far by far, my entourage is Sugar Hill like Wesley
Snipes

Def Squad is the main attraction for y'all everynight

Hook:

"I came through the door" - Rakim

And I set it off (X4)

Verse 2:

Dun da da, the E Double brings it full steam

Eyes are green, yeah, taken sucker niggas for they
cream

I rock the mic, alright, with intentions to please and
decapitate all

gimmick MC's

Yeah, I come action packed like a flick, and dismantle
those duck MC's that

can't handle

My sound goes through my musical speakers, beeotch,
and flash a symbol like

the Grym Reaper

To signify, gamma ray I display on wax is ridiculous,
way out likt the crew

on Star Trek

Yeah, I keep my style Black like Panthers, with women
more fat than

Samathas

Damn, this don't make no F in' sense, for me to be on
top bigger than

monuments

A star ghost super nova turns into a black hole

That got put into your soul

Hook (x4)

Verse 3:

For those that envy me and say I ain't about nothing
and everthing you see

my names on something

Flawless, outlandish, unique complete, off the wall
technique I develop

without speech (woah)

On bended knee I could damage an MC, thorougholy

Yeah, yeah take him for his currency, remarkable, the
black Superman in the

sky

Flying through the air with green eyes

Hook (x4)

Keith Murray talking outro:

Yeah, yeah yeah, watch your back black. Don't even
step up, word is born.

L.O.D. is in here too you know what I'm sayin'? Def
Squad for life, PPP

taking it everywhere, midwest, mideast, southwest,
southwest, north, south,

east, west, northwest, northwest, south, north, south,
everywhere I sets it

off. You know what I'm saying? Paintin the boards,
rippin' the mic, rippin'

niggas anything you like word up set it of E D. Keith
Murray in this piece
