what's your big secret?
could u give me a clue?
oh silly girl
i'm so in love with u

wontcha tell me what's on your mind
if u opened your head
tell me what would u find

are u 4 real?
what do you feel?

finders keepers
losers weepers
if i could get the lid off
i'd look inside the jar
is this the best i can do?
it ain't done me no good so far

mind over matter
but it seems i don't matter at all
nan - a party of one
do u think i could be invited to come?
