Shitting on my face...
I'll count us in (ah, ok)
1, 2, 3, 4

I heard my brother weepin' in the dead of the night
I said, "Dude, man, you feelin' alright"
Gener said nothin' and continued to weep
I caught Papa Gene Ween cryin' in his sleep

I saw Gener cryin' in his sleep
I tried to wake him up but he made not a peep
I saw Gener cryin' in his sleep

Life at the top can be tough
Sometimes you think you've seen enough
But you can find a diamond in the rough
But when it's time for bed, you shouldn't think about
that stuff

Yeah, I saw Gener cryin' in his sleep
I tried to wake him up but he made not a peep
I saw Gener cryin' in his sleep

Danny!
Alright!

[chorus]

Danny!

[chorus]

Thank you, we're Ween
