Great...it would be the greatest thing

I don't know you you are, I don't know who you want to be

When I carbonate the test tube, then you won't see me  
I've got a twin cab diesel combo, it takes me where I want to go

And all the nuphies are happy, they know of a fungus that grow

So when you see Hoecke's mind screw don't come running to me

'Cause I will scream and set aflame marble tulip juicy tree

Marble tulip juicy tree -- it's where I want to be  
When I gnaw on the tulip it'll wish that it was me

Every morning I put my shoes on and I think about she  
Who controls the four seasons inhaling kitties in the see

It's like a noodle in a salad -- little birdy wants to be set free-ee

I drill the corpse lobe with my mommy -- marble tulip juicy tree

So this song's about the loving thing that you are to me  
Just stay away from my adenoids and marble tulip juicy tree

Marble tulip juicy tree -- it's where I want to be  
When I gnaw on the tulip it'll wish that it was me

Look now I hold the world in my hands  
Whoo, seems like awakened trance  
Up on the hill, down by the river  
By the ocean across the field  
By the word of the Boognish  
I said, "Lordy, lord, lord, I'm comin' home"  
In a dream, said he was coming

Boognish was risin'  
Up from the mist.....  
[more inaudible ranting]

Whoo!
