When you came into the Pod, you told me that
something was wrong
Said you wasn't havin' no more fun and you want to lick
the sun.
Couldn't say it was any fun. Oh dude.

Now you're on the couch. You can't even move your
fucking head.
Tell me that you wish you was dead.
Dude, I really don't wish you was dead.
Better stay in your sweaty mucus bed. Oh dude.

I can't have a smoke,
Can't even enjoy a little brew.
Can't even enjoy a little brew.
What the hell's my bugging going to do?
Can't even pet the horses in zoo.
Little Miss Bandy's in this too. Oh dude.
