Gone away, gone away
Moving away, yeah
Moving away, yeah
All I wanted to say, girl
Ah, moving away

Left with my own blues
'cause I love you, ahhh
Left here all alone, yeah
Left alone here to sing this song
Can't believe that you're gone
I love you, baby

Yeah, yeah, baby, yeah, ah
Can't believe it, baby, ahhh
Ahhh, can't believe it,
I feel my lovin' and I need you
I feel my lovin' and I need you, baby
Baby, yeah
I need you baby
