"Pursuit of Happiness"

We're in pursuit of happiness
Order of the date
And we're on, on a mission to make it true
We do it most everyday

Step back and look where you are
Move away from the grey clouds passing by
Keep strong and it won't be long
Until there's better times

And we'll be feeling alright
We're drifting on by
And we'll be feeling alright
We're drifting on by

We're all needing much the same
In order, order to live
And no, no one said it wasn't hard
To get back what you give

But we'll be feeling alright
We're drifting on by
And we'll be feeling alright
We're drifting on by

When I wonder
When I, when I, when I
When I wonder
When I, when I, when I

Don't look back, wave goodbye
Walk away from the dark shadows in the sky
Keep strong and it won't be long
Until there's better times

And we'll be feeling alright
We're drifting on by
And we'll be feeling alright
We're drifting on by

And we'll be feeling alright
We're drifting on by

And we'll be feeling all right
