Monsters that trinkle like cats in the night.
The cosmic conceiver continues his plight.
A war of the heavens, what's wrong and what's right.
Right 2 the ways and the rules of the world.
Right 2 the ways and the rules of the world.
Spraying the children with incense and myrrh.
The hopeless confessions of minds unsure.
Spraying the children with incense and myrrh.
Right 2 the ways and the rules of the world.
Right 2 the ways and the rules of the world.

I tried to come over and see you today.
I tried to come over to want you to say.
I wanted you say to come today.
Right 2 the ways and the rules of the world.
Right 2 the ways and the rules of the world.
Mindlessy hoping she falls for their minds.
Holding the sacraments, secrets unkind.
Chewing the curdles of cream from the rain.
Right 2 the ways and the rules of the world.
Chewing the grits...
Right 2 the ways and the rules of the world.
