Voodoo Lady

Shakin' that stick and drivin' me crazy

Your eyes look red and hazy

Doin' that stuff that you do

Messin' me up with your voodoo

You drive me crazy with that

Boogie oogie oogie oogie oogie oogie oogie

You drive me crazy with that

Boogie boogie boogie

Your lips are hot and spicy

Servin' up red beans and rice, yeah

At midnite she's a-howlin' and stompin'

Makin' love to the gators in the swampin', now

[chorus]

I feel you now inside me

Never once did you deny me

Doin' that stuff that you do

Knockin' me out with your voodoo

(Repeat Chorus)

Voodoo lady, shakin' that stick, drivin' me crazy

Voodoo lady, oh yeah

Boogie boogie boogie boogie

[repeats]

Ohh!

Yeah, baby!

That's cool!

(Repeat first verse)

(Repeat Chorus)

Yeah!
